WORK EXPERIENCE | INTERNSHIP

COGNIZANT 02/2022 - 07/2022

- Successfully completed Internship at Cognizant on practical training of Java Full Stack. Assisted and trained by the senior trainers in the company, I got a good idea on software development and also real time experience, which really helped me gain more knowledge on software development as the days are passing. This intensive 6 months Internship program made me more confident on not just simply developing a software but developing it efficiently.
